Worked on day contracts, doing standard factory line tasks as quality inspection, resource filling, packing and stacking of final products, ...

- Assisted quality assurance by inspecting items and removing defective parts.
- Stocked and replenished parts used on assembly line to maintain consistent supply and inventory.

EDUCATION

PROFESSIONAL BACHELOR OF SCIENCE, 2024

UCLL, LEUVEN, BELGIUM

Specialization in software development. Discovered my passion for web-development and design. Very interested in widely used high-level programming languages.

DIPLOMA MATHS & LATIN, 2019

SJB, MALLE, BELGIUM

In search of my true passions, I've kept my early education as wide as possible. Mathematics and sciences have always been within my interests. I tried to push my boundaries with Latin, which turned out to be challenging but manageable.
